

BIOGRAPHIES OF THE INVENTORS OF BLIST-O-BAN

Sam Scheinberg, MD

Founder and Chief Executive Officer

Dr. Samuel Scheinberg is a board certified orthopedic surgeon and co-founder and CEO of SAM Medical Products. He served as a surgeon in the Vietnam War which inspired the creation of the SAM Splint as a result of the woefully inadequate splints of the period. This creation introduced a revolutionary rethinking of the design of splints and became the gold standard treatment for the military and EMS. Dr. Scheinberg is a published author, holds several patents, and has received numerous industry honors. His company, SAM Medical Products, is celebrating its 25th anniversary and continues to introduce innovative products for the EMS, Military, and Wound Care markets. Dr. Scheinberg graduated from medical school at the University of Tennessee and conducted his residency training at Louisville University. He also received a National Arthritis Grant and studied one year at the University of Edinburgh, Edinburgh, Scotland.

Adrian Polliack, PhD

President

Dr. Adrian Polliack, a native of Cape Town, South Africa, is President of SAM Medical Products. He received his BS degree in Chemistry from the University of Michigan, and a PhD in Biomedical Engineering from Oxford University, England. Previously at SAM Medical, Adrian was COO from 2008-2010 and head of research and development from 2001-2008. He is a published author and holds numerous patents worldwide. Prior to SAM Medical Products, he was R&D project manager at the Rehabilitation Engineering Program at Rancho Los Amigos National Rehabilitation Center in Los Angeles, CA and an Adjunct Assistant Professor at the Department of Biomedical Engineering at the University of Southern California. Adrian currently serves on the boards of the Pacific Northwest Defense Coalition, the Oregon Manufacturing Extension Partnership, and the Oregon Bioscience Association.
